## **Report of Session on Problem solving and ideation**

A webinar on the topic “Problem solving and ideation” under IIC of the college was organized on 21<sup>st</sup> January 2021 for the faculty and the students. Smt. Savita Rajiv, Founder of Spring Innovation, Mumbai, graced this occasion as the key note speaker. She guided the student on the topic “Nature and Progress”

She explained the ways how to find remedies on the everyday problems and the ways to generate employment though it. She narrated short stores to success developed though the business of plastic bottles, plastic wrappers and cigarette’ butts. Her talk centered on the destruction of nature on the name ‘human progress’ as well as the possibilities of progress in union with nature. She encouraged students to reflect on these issues.

Dr. S.B. Choudhare coordinated the webinar. Principal Dr. Shankar Laware guided for the smooth organization of the activity. Prof. Liyakat Sayaid proposed the vote of thanks.

### **Outcome & benefit**

1. Nothing the wasteful. It improved the vision of the participants towards the reuse of the waste and looking at it as matter of opportunities
2. It developed confidence among student though the discussion on the positive features of reuse.
3. The talk increased the understanding of students on the correlation between nature and progress.
4. Students narrated their own experience on the reuse of waste material though this live session. The encouragement shall enhance their future course of action.

Dr. S.B. Choudhare
